

EB - ACCELERATOR

Electron-beam curing equipment for board materials and flooring.

**Operating parameters / Betriebsdaten:**

Accelerating voltage / Beschleunigungsspannung	0 - 250 kV
Electron current / Elektronenstrom	0 - 150 mA
Transport speed / Transportgeschwindigkeit	0 - 30 m/min
Dose distribution / Dosisgenauigkeit	<± 5%

Product Dimensions / Produktdaten:

Width / Breite	max. 1.300 mm
